

It had been a long but successful day out in the field interviewing clients. Maddie and David had gotten a few new contracts for the agency and they were both happy that Blue Moon was finally a successful detective agency. They had worked long and hard together to make it what it was today. David pulled Maddie's car into her driveway and killed the engine. It was a little after 5:00 and they didn't have to go back to the office. David had noticed Maddie wasn't very talkative on the ride home; actually he realized she hadn't said more than a few words to him all day and what she did say pertained to business. He wondered what was going on in the honey blonde noggin of hers. He wished he could read her mind. He was hoping that she would finally admit that she wanted him but that didn't look like it was happening any time soon. Maddie Hayes was one stubborn woman.

"So here we are." David looked at her. She seemed to be in another world.
"Maddie we are at your house. Hello." He waved his hand in front of her face.

She turned and looked at him. "What?"

"Hey can I borrow the car tonight?" David asked hoping she'd catch on.

Maddie looked away. Quietly she answered "Of course David." She turned to look at him. "So where are you taking this special woman?"

Okay David thought. *Bingo!*

"Welllll, I haven't actually asked her yet."

"You haven't? What are you waiting for?" She asked with a hint of jealousy in her voice.

"So where would you like to go on *our* date?" He asked with a smirk in his voice.

At first it didn't register in her brain; she looked at him like he was crazy. "What are you talking about David? Aren't you asking that girl out tonight?"

"Lord knows I'm trying too." David realized Maddie didn't understand what he was trying to say. He reached out his hand and touched her hair gently. "You are the girl sweetheart."

She half smiled at him. "I don't get it David. What are you saying?"

"The girl I told you about last night." He looked into her eyes hopefully. "It was you."

"Me?"

David nodded. "Yeah you."

Maddie stared at him speechless but hopeful.

"Ok. Fine. So I'll ask again, where you would like to go tonight?"

"Tonight?"

David's heart was pounding inside his chest. "Why is tonight not good for you?" Maybe she wouldn't go out with him?

"No, no tonight is fine." Maddie smiled at him softly.

He let out the breath he was holding. "So where would you like to go?"

"Here."

"Here? Here, where?"

Maddie giggled. Suddenly, her heart felt full of joy. "Here, my home. Why don't we just order in?" She threw him a sultry look that would have knocked him to the ground if he hadn't been sitting down.

"Sure. Order in. Fun, ah Fine. Sounds great." David stammered.

Maddie laughed again. He laughed with her. They were both feeling hopeful and very happy.

"We can have a little party for two." She told him boldly.

David was again thrown for a loop. He liked this new bolder Maddie.

"Party for two huh? I like that." David nodded.

"So what do you want to order?" Maddie asked.

"Ok how about this I'll go home and change. I'll pick up some Chinese food. Be back around 7? "

"That sounds wonderful David." She got out of the car quickly.

Maddie went into her house. She had butterflies flying around her stomach; she felt giddy and nervous all at the same time. What did she just do" She couldn't believe she had invited David Addison back to her house promising a party for two. What was she thinking? A small voice in her head that she could no longer quiet told her exactly what she was thinking: *You want him Maddie and you can't hide from it anymore.*

She shivered with that thought. She knew he wanted her too but was it just a physical attraction for him; another notch on his belt. She didn't think so; at least she hoped not. She saw more than lust when she looked into David's cat green eyes. She saw tenderness and yes, love; she was finally ready to accept all he had to offer. She walked upstairs to her bedroom to figure out what she was going to wear; something casual but something that would make David crazy.

David ran home changed into a t-shirt and his button fly jeans. He called the order in for their food. Now just one stop for a bottle of wine he thought. He felt as nervous as a boy getting ready for his first date. He tried to compose himself but his stomach was still doing flip flops. He couldn't wait to be with her again.

Maddie was just coming downstairs when she heard the doorbell ring. It was only a few minutes after 7. She looked into the mirror hanging in her front hall. Recklessly, she unbuttoned the two top buttons of her dress. Looking down she threw caution to the wind and unbuttoned the two bottom buttons too. Now, she felt sexy. She took a deep breath and opened the door.

Maddie opened her front door with a welcoming smile. David's mouth dropped almost to the floor when Maddie answered the door. His eyes swept over her slowly taken in the body hugging navy sweater dress that was molded to her curves. The color made her blue eyes stand out even more than usual. He almost bit his tongue when he noticed the top two buttons were open revealing the creamy tops of her bosom; his eyes glided downward to her long legs peeking out of the dress, the bottom two buttons were also open revealing shapely thighs. He looked down at her feet, she was barefoot. That to him was so sexy.

Maddie's eyes drank in David. He was wearing a pair of tight button fly jeans and a t-shirt that showed off his muscular shoulders and torso. She felt a deep heat burning inside her body as he brushed past her as he entered her house.

They just stood there looking at each other for a few minutes.

"Um should I put this in the kitchen?" David finally broke the silence showing her the bag of food he was carrying in one hand and a bottle of wine in the other.

"Oh yes. Of course." Maddie took the bag of food from him and headed to the kitchen with David following close behind her.

David's eyes were drawn to the shapely derriere walking in front of him; the way Maddie's dress was clinging to her left little to the imagination. He felt a stirring in his jeans. This night was going to be very interesting...

They ate their dinner at the kitchen table although neither seemed to have much of an appetite for the food in front of them; they just picked at their food as they made small talk. Both had the same thought in their head: I can't wait to get my hands on you. Finally, the pretense of eating was over. David helped Maddie straighten the kitchen never taking his eyes off of her.

Maddie felt David's eyes burning through her clothes and she shivered. She suddenly felt nervous and shy. Who was this sexy man clearing off the table? This man was the same man she had worked side by side with the last 3 years but tonight he looked different to her. He looked more mature, manly and so sexy she felt as if her body was a raging inferno. Her mind flew to yesterday in her office; no man had ever made her feel that way, made her come that way and the frightening part was that David had invoked those feelings in her without even laying a hand on her. She was scared but excited too when she imagined how her body would react when he finally took her in his arms and made love to her. Maddie felt a blush covering her neck reaching up to her cheeks. She shivered again.

David noticed the red stain on Maddie's neck and wondered what was going on in that blonde head. They finished cleaning up; her kitchen was neat as a pin. David turned to her with a raised eyebrow. "Sooooo."

Maddie wished he would make the first move but it didn't look like that was going to happen. "Well, how about I pour us a drink and we can go into the living room to talk."

"Talk huh?"

Maddie ignored him. She poured them each a glass of wine. When she handed David his glass of wine their hands touched...the electricity shot through both of them knocking them off kilter. Maddie pulled her hand back as if she had been burnt. She quickly headed to the living room. She sat on the sofa with her legs tucked under her. David flopped down next to her. He took a sip of wine and put his glass down on her coffee table.

"So what do you want to talk about?" He inquired with a lift of his brow. His eyes ran over her body burning her with green laser beams.

Stop teasing me David, she thought, I know you know what I want...make a move damnit!

David wasn't going to make the first move....it was important that Maddie had control over the situation. She knew he wanted her; now it was her chance to admit she wanted him.

"Well David let's talk about you."

"Me?"

"You."

"Okay what do you want to know about me that you don't already know?"

"You tell me."

David shrugged casually. "Welllll, I guess you can say I'm an open book." He turned smoldering green eyes in her direction. "Just looking for the right one to turn my pages." David smiled crookedly at her causing her belly to flutter.

"Turn your pages huh?"

David nodded moving closer; he brushed a tendril of hair away from her face. "How bout you baby?"

The sound of his voice calling her baby in *that* tone was turning her to mush.

"How bout me what?" She could hear the shakiness in her voice.

"Have you found the right one to turn your pages?"

Maddie grew bolder. "I'm not sure. I'm waiting for him to convince me."

David slid closer to Maddie until he was nearly in her lap. He bent his head close to hers. "Convince you? How can he do that?"

Maddie felt a tingling sensation over her body. "He needs to show me. Tell me."

David leans closer until their mouths were nearly touching. "Show you what?"

Maddie found it difficult to speak. "That he cares for me." She whispered faintly.

Maddie felt David's lips brush across hers as he asked in a voice laced with passion. "And how can he do that baby?"

Maddie tried to capture David's mouth but he pulled away teasingly. "He can *tell* me he wants me." She leaned into David nipping at the smirk on his lips. "That he cares for me."

David felt Maddie's fingers walking up his thigh causing his blood to sizzle. He tried to unsuccessfully suppress a groan as her fingers brushed lightly over the buttons on his fly then over his hardness.

"Oh God Maddie." He moaned as his mouth covered hers; kissing her deeply. The feel of his mouth on hers was heaven. David began by planting open mouthed kisses over her lips until her tongue captured his dragging it in her mouth for a slow dance. After about ten minutes of breathless kissing Maddie was aching for more than David's kisses no matter how delicious they were. She needed more. Her body ached in places it shouldn't ache; her loins and breasts were throbbing with need. Maddie's body took control of her mind. She pushed David down on the sofa and climbed on top of him grinding her hips into his, marveling at the size of the hardness under her.

David was so lost in Maddie's kisses he didn't even realize what she was up to until he felt her pressing her hips into him. He put his arms around her pulling her even closer as his mouth nuzzled her neck. He began to whisper in her ear all the things he had promised he would do to her if she wanted him; which clearly she did. "I'm gonna run my hands over your curves baby." And he did stopping to unbutton the next two buttons at the top of her dress causing her breasts to spring free.

Maddie needed to touch David as he was touching her. She put her hands under his t-shirt caressing his hard arms and muscular chest. She pulled the shirt over his head and rubbed her naked breasts against his chest. She jumped as she felt David's mouth kissing the back of her neck. The sensations that his mouth on that spot caused was felt over her loins. She moaned in pleasure. "Oh God David I want you so bad!"

David saw how his mouth on that one spot at the back of her neck was causing Maddie to react. His mouth continued to play on that spot as his hands snaked under her dress. Maddie was squirming on top of him like crazy. Suddenly, he felt Maddie's body grow tense on top of him then her whole body began to shudder as she cried out his name.

"David. David. David." Maddie felt the orgasm overtake her and heard herself crying out David's name through a fog of passion.

"Another good one huh baby." He saw she looked slightly embarrassed so he pulled her up with him until he was in a sitting position and she was in his lap. He held her close. His fingers stroked her cheeks, she leaned into his hand. He knew it was time to tell her. "I love you Maddie Hayes." David told her hoarsely. "I think I've always loved you."

Maddie closed her eyes as she listened to David's words. Finally she thought. She opened her blue eyes and stared into David's green eyes. "I love you too David Addison."

A smile twitched on his lips. "I know."

She lifted her hand to smack him playfully. David laughed and grabbed her arm back pulling her into him and covering her face with kisses.

"Make love to me David." Maddie told him as her hands reached for his buttons on his jeans.

"Whoa. Hold on there baby. Not yet."

Maddie stopped what she was doing. She looked at David confused. "Why not? I told you I want you David. "

"Hey I want you too sweetheart but not here." He lifted her off his lap and stood.

He reached out his hand for hers. "I want our first time to be in a bed Maddie. I want it to be special for the both of us."

She looked up at him smiling and took his hand. Slowly they made their way to her bedroom; they couldn't keep their hands off each other as they climbed the stairs. Finally they reached their destination. They backed away from one another as their eyes met. Suddenly they were both feeling nervous and unsure; this was a big step but one they were both more than ready for. After what seemed like an eternity both of them smiled at the same time.

David approached her slowly. "C'mere."

Maddie met David halfway. She smiled up at him with so much desire his breath caught in his throat. "I want you David. Make love to me please."

David didn't have to be asked again. He took Maddie in his arms and pulled her against his hard body. His hands felt like fire brands on her body as he peeled off her clothes. Her naked loins pressed against the denim of his pants; the sensation nearly buckled her legs. David's hands wandered all over her body causing her to squirm against him with a relentless need. Maddie pushed David back on her bed; she sat beside him as her hands found their way to the buttons on his jeans. She gave him a wicked smile which sent his mind spinning.

David watched Maddie as she hesitantly moved her fingers over the top button of his jeans. He thought she looked nervous and shy which he loved. When he saw her hand tremble David put his hands over hers. "Need some help baby?" He asked as he helped her undo the top button. She stroked his hardness through his jeans which made him gasp out loud. She gave him another naughty smile as she pushed his hand away and continued to unbutton his jeans with a teasing slowness that was making David crazy. "Oh Maddie you are driving me crazy honey." He moaned as she finally undid the last button and her hand helped him spring free. She caressed him slowly as her mouth covered his in a deep kiss. David instinctively lifted his

hips and he helped her ease his pants and boxers down his legs and pulled them off. Both were completely naked. He reached out to her but Maddie gave him an impish look as her tongue left his mouth and began to travel down the length of his body until boldly she wrapped her mouth around his hardness. David thought he had died and gone to heaven as he felt her lips and tongue on him. Her soft perfect lips and tongue were giving him so much pleasure. He moaned out her name. "Maddie. God, sweetheart." His hands got lost in her silky blonde hair but he didn't want to come so soon. He pulled Maddie up to him kissing her deeply and turned her pressing her under him against the mattress. "Oh Maddie I love you." He breathed into her mouth.

Maddie's heart leapt with joy as they became one. David began to make love to her with his body and soul. She wrapped her legs around David's waist as she felt him gently push into her inner core. They began to move together in the dance of love that has been around since the dawn of time. Maddie felt David deep within her then teasingly he pulled out almost all the way until she couldn't bear it anymore as she put her hands around his waist trying to pull him deeper within her. David smirked down at her as he continued making love to her until she thought she would combust on the mattress. No man had ever made her feel so intensely hot that she felt she would die if she didn't find her release soon.

David began to whisper in her ear as he pressed her down on the mattress thrusting deep within her. He felt her nails scratching his back as she screamed out his name over and over again. He felt her loins clench around him pulling him into the most intense orgasm he had ever had with waves and waves of pleasure overtaking his body. Maddie was also lost in her own earth shattering climax as her body almost seemed to levitate off the bed with her spasms of joy.

Slowly, they regained their composure but they lay still entangled together; their arms and legs wrapped tightly around one another. David pressed his forehead against Maddie's and gazed adoringly into her eyes. "Wow!" That said it all.

Maddie smiled at him with dotting eyes. "Wow." She repeated.

"I guess you want me huh?" David teased.

"I guess you want me too?" She teased back.

"Forever and ever Maddie." David began to move inside of her again. "I love you baby."

Maddie began to mimic David's moves. "I love you too David. Forever and ever."

The new lovers were lost very quickly in each other again. Both knowing this was right where they belonged.
